Farm Contains 215 Acres. One mile of High School.

This farm consists of 215 acres of land, well watered, with plenty of timber of all kinds; with good residence; plenty of running water the year round all over the farm; about 75 acres in cultivation; about 25 acres in creek bottom; lies one mile from North Springs High School with good road all the year. There is more land susceptible of clearing and cultivation on this farm, than that already cleared. Every-kind of wood, both hard and soft wood, indigenous to this section of country. There is a pasture of some 30 acres, with about eleven acres well set in finest bluegrass.

This farm will be offered first in two separate tracts, each tract to run with the meanders of the creek in front of the main residence, and, then as a whole, and, the bid aggregating the highest amount, to be considered as a sale.

Terms of Sale.

One half cash, with balance on one, two and three years, with lien retained on land to secure notes. Possession to be given on January 1, 1922, but, at any time this Fall for the purpose of sowing grain, or making any desired improvements, so as not to interfere with present tenants.

How We Feel About A Few Things.

Is yours a will to work or a will to wish?

A bright mind is often in a dull body.

New times are expected to bring new manners and a few of them at least, good manners.

A man who decides quickly hopes he is right; a woman knows she is.

Quick action doesn't always mean accomplishment. A humming bird is about as quick as anything but about all it does is hum; a bee which works hard and doesn't travel so fast still has plenty of time to hum.

When things are not right better be a howler than a growler. The living that the world owes you is never worth collecting.

A bargain is something that the next day you wish you hadn't bought.

An automobile is something to spend your time upon if you know how, and your money on if you don't.

A horse can't travel very fast but it never has to be towed in but once and that's when it's dead.

Your children may be disappointing but have you turned the world upside down?

If something you hear is hard to believe, don't believe it.

Lots of people who are "getting ahead in the world," are falling behind in the next.

The more you hear about a man who attends to his own business, the less you know about him.

Every speculator knows that you can't tell by looking at the market which way it is going to jump.

The amusement tax is so called because there is nothing amusing about it.

Experience is a teacher that charges high prices for the lesson you could receive for nothing if you would take advice.

Many speakers, like children, should be seen and not heard.

Lost time is never found again.

Lost somewhere between sunrise and sunset sixty golden minutes. No reward is offered for they are gone forever.

Do the kindest thing in the kindest way.

A bird in the hand is worth two in the bush—therefore, subscribe for your county paper and stop borrowing it.

The busy men and women of the world are they who have attained to greatness. Many such have endured hardships and practiced rigid economy to enable them to meet the demands of a large family and the greatest men this country has produced have been men who have labored with hands and brain, after acquiring competency, remembering the years that are gone, admit that their working years were their happiest years.

Yes, Congress has adjourned and all the Congressmen and women have returned home.
